Who is a Foreign National?

National Life Group products are priced for the U.S. population. Our risk tolerance is measured based on the client's resident country and more specifically their permanency of residence in the U.S. The following guidelines apply to both life insurance and annuity sales.

National Life Group considers "ANY" individual who spends more than 4 months (in a consecutive 12 month period) outside the U.S. a foreign national and our foreign national rules apply. This includes U.S. citizens living abroad.

Foreign National Rules

Ages 18-70

Policy must be delivered in U.S. to a valid address in the state of issue; State of issue to be determined based on connection/nexus as set forth below.

All solicitation and sales activities must take place in the U.S.; no marketing or policy materials may be transmitted or delivered outside the U.S.

All application and policy forms must be in English and client must fully understand all such material; English language signatures or printed names must be provided.

National Life Group will consider applications for life insurance that will be funded utilizing premium financing with prior vetting through NLG Advanced Markets team. All financing must be with U.S. institutions. A listing of approved institutions and approved financial documentation is available on the NLG web portal.

Foreign National Questionnaire required. Copy of passport may be required.

Countries have the right to enact laws governing the sale of insurance products. These laws may be very restrictive and apply beyond the country of jurisdiction. The owner/insured is responsible for confirming that the laws and regulations of their country allow for their direct or indirect ownership of the applied for policy.

All post-issue communications regarding the policy, including premium notices, must be mailed to the address of record within the U.S.

Application and underwriting requirements must be completed, signed and dated in the U.S.

If an APS is required from outside the U.S. the agent/client will be responsible for securing and translating the records. There will be no expense to NLG. NLG reserves the right to request certification of these translation services.

Connection/Nexus

Foreign national insureds and owners (if the insured does not own the policy) must have verifiable proof of one or more of the following connections/nexus to the United States:

Own real property in the U.S.

Own a business in the U.S.
